

Whigs of Gallia County!
In accordance with the call of the Whig State Central Committee, you are requested to meet at some convenient place in the vicinity of the polls in your respective Townships, on the 17th day of June, 1851, (the day appointed to vote on the new constitution), at 3 o'clock P. M., for the purpose of electing delegates to the State Convention, to be held in Columbus, on Thursday, the 3d day of July, A. D. 1851. The State Convention is to be held to nominate a President of the Board of Public Works, and Attorney General, under the old constitution; and many other officers, if the new constitution be adopted; and to attend to whatever other business the interest of the party requires.

The Townships are entitled, to the number of delegates following, on the basis of the Whig vote for Governor in 1845, as established by the State Central Committee, one delegate for every 100 Whig votes, and an additional delegate for every fraction, to-wit:

Gallipolis,	3	Morgan,	1
Ohio,	1	Walnut,	1
Harrison,	1	Ferry,	1
Clary,	1	Huntington,	2
Adrian,	1	Greenfield,	1
Greenville,	1	Guyana,	1
Springfield,	1		

The names of the delegates, when elected, should be forwarded to JAMES HARPER, Chairman of the Whig County Central Committee. The delegates elected, are entitled to seats in the State Convention, with power to fill vacancies. The entire delegation of the county, however, is entitled to but three votes, to be cast in such manner as shall be determined in the Convention.

It is hoped that all the Whigs of the county will give attention to this matter, and meet at the time and place appointed; for the importance of the occasion demands every Whig voter to be at the polls on Tuesday, the 17th of June.

Dear Sir: I have made trial of your Natural Oil, called Petroleum, and in its use find much to approve, a corrector of bile, purifier of the blood, opening to discharge such dangerous accumulations—the effects of cold on a bilious temperament. For piles in its early stages, taken internally and applied externally, is ready, effective and safe.

This much I say confidently, after a fair trial, in the above said case on my own person, and to a person whose eyes were highly inflamed from severe cold, two applications with a sponge in three days effected a perfect cure. This is the result of my observation and practice.

I have ever been slow to endorse the multiplied Panaceas, Nostrums, and Cataplasms of the day, now I quite sure that this pure Natural Oil is to be held as the unfailing antidote for every ill which is incident to human nature. The sanguine are apt to promise, and the credulous to expect too much. But this Oil, a simple production of nature, pure and undiluted, will I think, if properly applied, stimulate nature in her efforts to expel disorders and purify the system—and I hope and trust it will be brought into general use, and amply repay all fair efforts to place it within the reach of the afflicted.

I am, very respectfully, &c.,
JOHN SANFORD.

We feel ourselves bound to speak of McAllister's All-Healing Ointment, as a simple, yet great and good medicine. From the long standing it has attained all over the country, and from our own personal knowledge, we must say that not another article of patent medicine would we be willing to exchange for this ointment. For all diseases of the Skin, Rheumatism, Stiff Joints, Gout, Scrofula, and a great many other complaints, we do not believe it can, or ever will be surpassed or equalled.
